

ERS® spark plug for Cummins® QSK60-1,54 MW

High quality - less downtime

Made in Austria

18.049-01 / FT00196

Extended lifetime

At least 50% longer lifetime of our 18.049-01 spark plug, proven in many field tests

Exclusively developed

Exclusively developed for the Cummins® QSK60-1,54 MW engine. Developed and tested by ERS® & Hatraco®

Drop-in replacement

No adjustments needed.
No need to change timing and/or air-fuel ratio

Fast delivery

Max 3 week shipment after receiving P/O

Replaceable and cost-effective

- Extensively field-tested on the highly charged QSK-60, in partnership with a leading Dutch company, sharing 25 years of experience with Cummins CHPs
- Developed in collaboration with ERS, a professional and international family-owned company, just like Hatraco
- With these specialists, we share the passion for sustainable solutions for all brands of CHPs with personal attention to our customers and global dealer network
- Reduce downtime and improve service efficiency with our premium-quality spark plugs suitable for on bio- and natural gas running engines

Note: Results based on field experiences, lifetime depends on operating condition and engine version. Always make sure to clean the cylinder head thread. (M18 thread cleaning tool: p/n 11.662)
